SUMMARY

With hands-on experience in Full-Stack Web Development, Java, and MySQL. Developed and deployed real-world projects, completed a Full-Stack Development internship, and eager to contribute technical skills in a software development role.

EDUCATION

Sathyabama Institute of Science and Technology

Aug 2023 – Present

Bachelor of Technology in Information Technology – CGPA: 7.5/10

Chennai, India

Relevant Coursework: Operating Systems, DBMS, Computer Networks, OOPS, Software Engineering

EXPERIENCE

Hackwit Technologies, Chennai

Jan 2026 – Feb 2026

Full-Stack Intern

Chennai, India

- Collaboratively developed a **Smart Hostel Management System** with a team of students.
- Designed and implemented **MongoDB database schemas and collections** for hostel and student management.
- Integrated **MongoDB** with the backend and implemented **CRUD operations** for efficient data management.
- Participated in **database design, testing, and project integration**.

PROJECTS

University Management System – [Source Code](#) 

Java, Java (Swing), MySQL

- Developed a desktop_based University Management System in **Java Swing**, centralizing student data and reducing manual data entry **errors by 40%**.
- Implemented **CRUD functionalities** for student, teacher, fee, examination, and leave management modules.
- Designed and integrated **MySQL databases**, optimizing data storage, retrieval, and record management.
- Built a secure **authentication system** and interactive **GUI** using Java Swing, enhancing usability and system efficiency.

Smart Hostel Management System – [Source Code](#) 

React.js, Tailwind CSS, Node.js, MongoDB,

- Integrated advanced features such as realtime notifications and user profiles in the **Smart Hostel app**, which saw a **40%** increase in user satisfaction.
- Designed and integrated a centralized **MongoDB database**, improving data accuracy and consistency across hostel operations.
- Optimized data storage and retrieval processes through efficient **database schema design and integration**.
- Reduced manual effort and data redundancy by digitizing hostel management workflows and enforcing data validation.

TECHNICAL SKILLS

Languages: Java

Databases: MySQL-(basics)

Web Technologies: HTML, CSS

Tools & Others: Git, GitHub, Postman, Apache NetBeans, Vercel

SOFT SKILLS

Problem Solving

Team Work

Adaptability

CERTIFICATIONS

- **Programming in Java (Elite – 85%)** | NPTEL, IIT Kharagpur | 2026
- **Software Engineer Certification** | HackerRank | Apr 2026
- **Full Stack Development Internship** | Hackwit Technologies | 2026
